**OrbusNeich welcomes Ricky Kwan as
Vice President, Asia Pacific Sales**

New appointment to strengthen market position in Asia Pacific

HONG KONG, [29 May 2015] – OrbusNeich, a global company specializing in the provision of life-changing vascular solutions, today announces the appointment of Ricky Kwan to the role of Vice President, Asia Pacific Sales.

With an outstanding 22-year career in medical sales and product management, having served most recently as Program Director at Biotronik, Mr. Kwan possesses vast experience in cardiovascular device sales management. His expertise across sales, business planning, program management and strategic development will be invaluable to OrbusNeich as the company looks to further strengthen its position in the vascular solutions market. Mr. Kwan will be based in Singapore and will report directly to Alain Aimonetti, Senior Vice President, Global Sales and Marketing.

“I am delighted to welcome Ricky to the company as Vice President, Asia Pacific Sales,” said Alain Aimonetti. “His impressive track record in cardiovascular device sales management and program development make him an excellent choice for OrbusNeich. I believe his leadership in the Asia Pacific region will be instrumental as we look to cement our reputation as a global provider of state-of-the-art medical devices for the treatment of vascular disease.”

As Program Director at Biotronik, Mr. Kwan was responsible for developing programs, managing stakeholders and driving sales. He previously worked for both Abbott Vascular and W.L. Gore, prior to which he worked in product management and sales in the pharmaceutical industry.

“I am hugely honored to join OrbusNeich. Their unique product portfolio continuously raises the bar in the treatment of vascular disease,” said Mr. Kwan. “I welcome the challenge of working to strengthen OrbusNeich’s market presence and give physicians the advanced vascular solutions they require to change lives.”

About OrbusNeich – Pioneers in life-changing technologies

OrbusNeich is a global pioneer in the provision of life-changing vascular solutions and offers an extensive portfolio of products that set industry benchmarks in vascular intervention. Current products are the world's first dual therapy stent, the COMBO Dual Therapy Stent, and the world’s first pro-healing stent, the Genous™ Stent. Other products include stents and balloons marketed under the names of Azule™, R Stent™, Scoreflex™, Sapphire™ II, Sapphire™ II Pro, Sapphire™ NC and Sapphire™ II NC. OrbusNeich is headquartered in Hong Kong and has operations in Shenzhen, China; Fort Lauderdale, Fla.; Hoevelaken, The Netherlands; and Tokyo, Japan. OrbusNeich supplies medical devices to interventional cardiologists in more than 60 countries. For more information, visit www.OrbusNeich.com.
