

# Reaching New Horizons in Tricuspid Therapy

## TRICVALVE TRANSCATHETER BICAVAL VALVES

The new innovative self expanding biological valve system

To learn more about TricValve attend our session at ACIT-AsiaPCR 2020

**Sunday 13<sup>th</sup> December | 18:15-19:00** (Singapore local time)

## New Horizons in Tricuspid Therapy – The TricValve Solution

### Programme:

- |  |  |
|--|--|
| ▶ Introduction and learning objectives         | M Haude, MD  |
| ▶ The TricValve technology                     | K Kiss, MD<br><i>Vienna, Austria</i>   |
| ▶ Preliminary data and ongoing trials overview | I Amat-Santos, MD, PhD<br><i>University Clinic Hospital Valladoid</i>  |
| ▶ Live Case – TricValve Implantation           | O Altisent, MD, PhD / R Puri, MD, PhD<br><i>Germans Trias i Pujol University Hospital / Cleveland Clinic</i> |
| ▶ Discussion                                   |  |
| ▶ Closing remarks and take-home messages       | M Haude, MD  |

### Learning objectives:

- ▶ To learn about the TricValve system's approach to tricuspid regurgitation and right heart disease
- ▶ To understand how this new generation of tricuspid valve system may reduce the procedural time and operational errors
- ▶ To obtain first insight on TricValve's preliminary data and the ongoing clinical trials
